Anti-Slavery and Human Trafficking Statement

Anti-Slavery and Human Trafficking Policy Statement

Acorn Environmental Management Group operates across the UK providing Arboricultural and Landscaping consultancy and maintenance Services. The products AEMG uses to provide these services are sourced from a broad range of national and international suppliers. These relationships are managed by our in house HSEQ Compliance Team.

We have an Ethical Trading Policy, which sets out our policy on legislation, child labour, conditions of employment, wages and benefits, health and safety and the environment. The Ethical Trading Policy has recently been updated to include our policy on human trafficking.

We undertake all reasonable and practical steps, including annual UK based supplier audits and inspections to ensure that our standards are being implemented throughout the businesses of our suppliers and that legislation and regulations are complied with. We will assess any instances of non-compliance on a case-by-case basis and will then tailor remedial action appropriately in accordance with our ISO 9001 quality management system. We will only trade with those who fully comply with this policy or those who are taking verifiable steps towards compliance.

This statement has been approved by our Board of Directors, who will review and update it as necessary on an annual basis.
